Effective November 1, 2017

For ALL Building projects in Burtchville Township, there must be a detailed drawing/plans for the project being done. These drawing/plans are to include measurements of all rooms, garages, outbuildings, and set-backs for the property. If these things are not included with your Building Permit Application it will not be considered for approval.

REQUIREMENTS NEEDED TO OBTAIN A BUILDING PERMIT

- 1. Completed Building Permit application form.
- 2. Site diagram showing lot size, proposed construction with dimensions of building project and setback dimensions. Also show position of well/septic system and driveway. The more detailed the better, as this could delay approval.

- 4. Driveway/culvert permit from SCC Road Commission (if applicable)
- 5. Address assignment application (if applicable)
- 6. DEQ High Risk Erosion permit and/or Wetland Assessment (if applicable)
